- Git,
- Visual Studio Code,
- Arduino IDE,
- Figma.

SOFT SKILL

- Time management
Using Jira and Google Calendar for making project plan and time management
- Self-learning
- Adaptability
- Stress management

OVERVIEW

As a student at Ho Chi Minh City University of Technology, I have developed a strong foundation in HTML, CSS, JavaScript, ReactJS, and NextJS. My skills extend to using Figma for interface design, where my good aesthetic sense enhances user experiences. With a moderate enthusiasm for learning, I adapt well to new technologies and apply logical thinking to solve problems efficiently. My average English skills enable me to communicate effectively within teams. Committed to working at least 20 hours per week, I am eager to apply my skills and grow with your business as a Frontend Developer

PROJECTS

PERSONAL PORTFOLIO WEBSITE

Nov 5 - Nov 22, 2023

- Website Link: <vinhtage-portfolio-website.vercel.app>.
- Overview: This project was created to showcase my contact information, skills, knowledge and the projects I have completed.
- Role: Frontend
- Framework: NextJS, Tailwind.
- Tools: Visual Studio Code.
- Language: TypeScript.
- Deployment: Website is deploy on Vercel.
- Github: [Project repository on Github](#).

INCARDBOGOC WEBSITE

May 20 - Nov 19, 2023

- Website Link: [3D Lenticular \(incardbogoc.com\)](3D Lenticular (incardbogoc.com)).
